

LegalEase

Phase 6: Project Testing

AI-Powered Legal Document Drafting and Export Platform

Project Phase Document

This PDF consolidates the prepared project materials for this phase.

README

Phase 6 — Project Testing

6.1 Testing Strategy

Testing is divided into:

1. Unit testing
2. API testing
3. Export testing
4. Validation testing
5. Error-handling testing
6. Manual UI testing

6.2 Test Cases

ID	Test	Input	Expected
TC-01	Health check	GET /health	200 + status ok
TC-02	Valid request	All required fields	Draft generated
TC-03	Missing party	Empty party	Validation error
TC-04	Missing terms	Empty terms	Validation error
TC-05	Invalid date	Bad date	Validation error
TC-06	Gemini failure	Simulated API error	Friendly error
TC-07	TXT export	Generated draft	.txt created
TC-08	DOCX export	Generated draft	Valid .docx
TC-09	PDF export	Generated draft	Valid .pdf
TC-10	Special characters	Unicode text	Output preserved
TC-11	Long input	Large terms	Controlled handling
TC-12	Empty AI output	Mock empty response	Error/retry message

6.3 Security Tests

- API key is absent from source code.
- .env is ignored by Git.
- User input is not executed as code.
- Error messages do not reveal secrets.
- Uploaded files are handled safely.

6.4 Acceptance Criteria

The application passes acceptance when:

- API starts successfully.

- Frontend starts successfully.
- Valid requests generate drafts.
- Invalid requests are rejected.
- All three export formats work.
- AI failures are handled.
- No secret is committed.

02 Test Commands

Test Commands

Install test dependencies if required:

```
pip install pytest httpx
```

Run all tests:

```
pytest -v
```

Run API tests:

```
pytest tests/test_api.py -v
```

Run exporter tests:

```
pytest tests/test_exporters.py -v
```

Manual API documentation:

```
http://127.0.0.1:8000/docs
```

Example smoke-test flow

1. Start backend.
2. Open /docs.
3. Call /health.
4. Send one valid /generate request.
5. Verify response contains document text.
6. Open Streamlit.
7. Generate the same document from the UI.
8. Test TXT.
9. Test DOCX.
10. Test PDF.
